DMT is a globally active company with 280 years of experience. With 13 engineering and consulting companies at 30 locations and more than 1,100 employees around the world, DMT focuses on the markets of plant and process engineering, infrastructure, and civil engineering, as well as natural resources and energy. DMT is part of the TÜV NORD GROUP.

At DMT Geosciences Ltd., based at our location in Calgary, we are currently seeking to fill the following position:

Junior Geophysicist / Field Geophysicist

The responsibilities of this position will include:

- Conduction of geophysical surveys including seismic refraction, seismic reflection, electrical resistivity imaging, electromagnetics, gravity, magnetics, and ground penetrating radar.
- Field supervision for small (2 person) to large (10 person) acquisition crews.
- Coordination with other disciplines during field operations.
- Conduct field-level quality control of geophysical data.
- Liaise with client representatives in the field.
- Fulfil field level HSE requirements.
- Write acquisition summary.
- Processing of geophysical data in the office.
- Preparation of project reports.

The ideal candidate will have:

- B.Sc. in geophysics or a related field and ability to register with APEGA or EGBC.
- Willingness to work outdoors for extended periods (up to 10 hours) in a variety of weather conditions (including arctic conditions) and environments.
- Willingness to spend a significant portion of the year in the field.
- Previous field experience in geophysics or a related discipline.
- Valid driver's license.
- Adaptability and the ability to improvise to achieve objectives with minimal supervision.
- Strong written and verbal communication skills.
- Competency with MS office, and the ability to quickly learn new software.

We will provide:

- Training on all the above described geophysical surveys.
- Necessary safety training.
- Continuing support from senior geophysicists.
- Support towards the acquisition or maintenance of professional designation with APEGA, EGBC, or other professional designation.

Why you should choose us:

- Competitive renumeration packages.
- With DMT you will be a part of a supportive, young, dynamic team.
- We provide a competitive pension plan.
- Comprehensive benefits plan.
- Options for remote office work.
- As part of the larger TÜV NORD group you may have opportunities for international work all around the world.

How to contact us

We look forward to receiving your application, indicating your salary expectations and earliest possible start date. The TÜV NORD GROUP is committed to diversity and equal opportunities for all, regardless of age, gender, disability, religion, ethnic or social background or sexual orientation
