With 13 engineering and consulting companies at 30 locations and more than 1,100 employees around the world, DMT focuses on the markets of plant and process engineering, infrastructure and civil engineering, as well as natural resources and energy. DMT is part of the TÜV NORD GROUP.

At DMT Geosciences Ltd., based at our location in Calgary, we are currently seeking to fill the following position:

Mining/Exploration Geophysicist

The responsibilities of this position will include:

- Business development, including but not limited to sales and marketing, writing proposals with a focus on mining / exploration.
- Project management of geophysical projects (all methods).
- Field acquisition and field supervision in Canada and internationally.
- Data processing, interpretation and writing of project reports.
- Liaise with clients and stakeholders.

The ideal candidate will have:

- Minimum of 5 years experience in geophysical services for the mining industry, and minimum 2 years experience in business development towards mining industry.
- Strong connections to both the junior mining industry and major mining companies in Canada and internationally
- P.Geol or P.Geoph. or ability to obtain professional certification as a geophysicist.
- Willingness to work outdoors in a variety of weather conditions and environments. (including arctic conditions and underground).
- Adaptability and the ability to improvise to achieve objectives with minimal supervision.
- Strong written and verbal communication skills.
- Valid driver's license.

We will provide:

- A great working environment with a young team of highly skilled dynamic geophysicists from Alberta and B.C.
- A great network of geophysicists within DMT group from 3 continents and a long track record in the engineering, minerals, environmental and oil and gas sector.
- Competitive compensation and attractive benefits.

Why you should choose us:

- A flexible working hours scheme helps you to better balance your work and personal life.
- We actively support our employees in their personal and professional advancement

- Options for remote office work

How to contact us:

We look forward to receiving your application, indicating your salary expectations and earliest possible start date. The TÜV NORD GROUP is committed to diversity and equal opportunities for all, regardless of age, gender, disability, religion, ethnic or social background or sexual orientation.

We thank you for expressing the interest to work for our company. However, due to limited resources, we only contact you if we move forward with your job application.

Please send your resume and job application to sam.chen@dm-t-group.com
